

# Station Road, Woodside

## Proposed 99-year lease

***We are proposing to enter into a 99-year lease with the Commissioner of Highways for the reserve at Station Road, Woodside. We'd like to find out if you are supportive of the proposed lease. What do you think, do you have any feedback?***

Members of the Woodside community have occupied the “Woody Trails” site at Station Road, Woodside for over 50 years. The land is former rail corridor land owned by the State Government.

In the 1970s the community group slowly took occupation of the site by working together to put a BMX track on the site, and over the years have continued to use the land not just as a cycle track but as a community garden, community meeting space and event space.

The State Government have agreed in principle to retain ownership of the land and enter into a long-term lease with Council.

Entering into a long-term lease for this site, will enable us to have discussions with community groups about formalising their use of this site and facilitate conversations about any future site maintenance or improvements.

It is important to note that no funds are currently allocated to infrastructure improvements at this site and the proposed lease of the land to Council may not result in an increased level of service or upgrades to the site.

You can view the Draft Lease under the Document Library on Adelaide Hills Engagement Hub.
