*Similar unit shown

1 The 70 x 70mm posts are made of painted galvanised steel, ensuring robustness and durability. The caps are made of injection moulded polyamide.

2 The fixings are made of stainless or plated steel and protected by anti-vandalism polyamide caps.

3 The stopwatch is machined from a polyethylene panel, embedded in a 13mm thick compact (HPL) panel. It runs on solar power. It is equipped with 2 Start and Reset buttons which are in stainless steel.
