Dear Resident,

RE: Aldgate Oval – Building Feasibility Study

The Adelaide Hills Council (AHC) has been supporting the Aldgate Cricket Club and other site users to undertake a building feasibility for the Aldgate Oval site.

The Cricket Club were successful in receiving a grant from AHC's Community and Recreation Facility grant program to undertake the building feasibility study. Their application to the grant funding program demonstrated a need to understand what is appropriate for the site and its regular users, and to investigate infrastructure compliance. They envisaged a benchmarking document that facilitated appropriate future planning for the site.

As a local resident, it is important for you to understand that we are currently in an initial 'exploring' phase of this project; there are no detailed plans or designs, and there is no further funding allocated to deliver any aspect of plans that arise from this study.

The Aldgate Cricket Club have engaged a consultant to develop the building feasibility study and as such have had some discussions with representatives from the Cricket Club, The Hut Community Centre in Aldgate (lease holder of the Hall and King Emery Cabin) and AHC staff. Some commentary and feedback has also been obtained from regular and current users of the site such as table tennis and ballet. A particular focus for the Cricket Club has been to review their current built facility against the Cricket Australia Facility Guidelines.

Ideas and findings have been compiled and included in the feasibility study. To view the feasibility study, please visit: <https://engage.ahc.sa.gov.au/aldgate-building-feasibility-study>

If you would like any more information, you are welcome to contact Stacey Dutton, Sport and Recreation Officer via email at: sdutton@ahc.sa.gov.au or phone: 8408 0400.

Kind regards,

Renee O'Connor

Coordinator Sport & Recreation
