

Optimising Our Community Spaces

Draft Community Land Management Plans Consultation

*Planning for the future
sustainability and innovation of
Adelaide Hills community land and assets.*

Optimising our community land

Council currently manages all community land under one Community Land Management Plan (CLMP), limiting flexibility to meet the different needs, priorities and management requirements of land types across the region.

We've developed six new draft CLMPs aligned with our priorities for maintaining, renewing and sustaining community land and infrastructure.

We're seeking feedback on the draft CLMPs, including whether the proposed changes align with your priorities for Council land and infrastructure.

Consultation closes Sunday 22 November 2026.
