DAINTREE DISCOVERY

Australia's rainforests are a dappled blend of earthy greens and browns.

> **You can find our range of colour schemes *here.***
>
> **These standard colour schemes have been formulated to provide a colour solution for almost any situation. They have been carefully selected to give an appealing balance of colours that work together.**
>
> **There is also a wide variety of individual colour options available. Please speak to your project consultant for custom colour selections, or for any help regarding colours options.**

Chosen colour scheme: DAINTREE DISCOVERY

MATERIAL SPECIFICATIONS

© Copyright Moduplay Group 2023

Posts — Aluminium

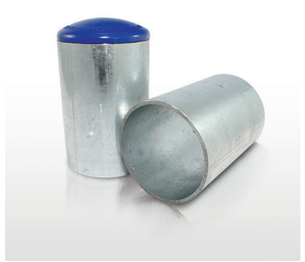

Material
Aluminium SHS — 65 x 65 x 3mm wall thickness

Application
Capital, Challenger and Geoclimber play structure posts

Details
6351-T6 alloy — AU made

Posts — Steel

Material
140 x 5mm wall thickness

Application
Konnecta play structure posts

Details
ERW galvanised steel pipes. Conforms to AS 1074-1989

Posts — Timber

Material
125 x 125mm solid timber

Application
Premium play structure posts

Details
AU grown plantation Cypress Pine from renewable resources

Panels — Densapanel

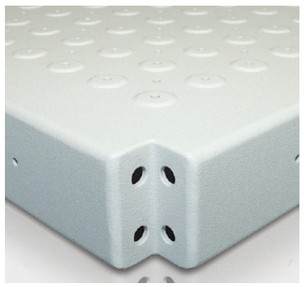

Material
12mm or 19mm Densapanel HDPE

Application
Feature and activity panels

Details
Flame retardant, UV resistant — Components AU manufactured

Platforms — Aluminium

Material
Aluminium 4mm plate — reinforced design with ripple coat

Application
Capital and Challenger play structure platforms

Details
5005-H34 — AU made

Platforms — Timber

Material
Australian hardwood — seasoned.Proprietary SS bracket construction system for superior strength

Application
Premium play structure platforms

Details
Australian plantation bluegum and other selected species from renewable resources

Metal Tube

Material
50NB/40NB/32NB/ 25NB/20NB Steel tube

Application
Metal tubular components

Details
Galvanised and inline thermal galvanised — AU made

Panels — Rotomoulded

Material
Low Density Polyethylene

Application
Rotomoulded Panels, Plastic Slides

Details
Flame retardant, UV resistant — AU made

Rope & Fittings

Material
16mm / 18mm Nylon braided play rope. Polyamide & HDPE fittings

Application
Rope climbers and activities

Details
Multifilament braided nylon, galvanised steel wire reinforced — components AU manufactured.

Fittings & Grips

Material
Die cast alloy

Application
Clamps, caps and proprietary fittings

Details
Pressure and die cast alloy, silicone additives for strength

Fasteners, Brackets & Rubber

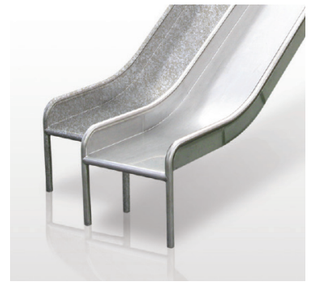

Material
Stainless steel, Polyamide, Nitrol rubber

Application
Bolts, nuts, brackets, safety edges

Details
Fasteners SS304 & SS316; Brackets: custom pressings & mouldings. Rubber: custom extrusions

Slides — Steel

Material
1.6mm stainless steel, 2.0mm galvanised steel

Application
Slides, custom slides, steel mound slides

Details
Grade 304 stainless steel, linished finish. Galvanised steel sheet, powdercoat finish. AU made.
